MAY EXTERMINATE JEWS IN RUSSIA

Bloody Anti-Jewish Campaign is so Well Organized That Few Jews and Very Little Jewish Property Will Survive

London, June 20.—Leopold J. Greenburg, honorary secretary of the English Zionist Federation, received a telegram this morning from a member of the Russian duma, stating that the bloody anti-Jewish campaign in Russia is so well organized and so vigorously supported by the bureaucracy that few Jews and little Jewish property is likely to survive.

"Only the duma," continues the message, "offers the slightest hope of staying the movement. Troops, wherever fighting threatens to go against the mob, fire on the Jews. Much property has been destroyed by means of dynamite, which is in the hands of the authorities alone. The Jews are entirely without protection. All other nationalities as such, merely stand aside. The duma will make desperate efforts to secure control of the administrative machinery of the government in order to stop the onslaught on the Jews and quell the bloodthirsty rioters."

The Jewish World has received the following from Dvinsk, also termed Duanaberg, province of Vitebsk, 110 miles southeast of Riga, dated June 18:

"Fifty persons have been killed in the anti Jewish rioting at Starosielce, not far from Bialystok. The state of mind of the populace is indescribable."

Odessa, June 20.—General Kaulbars has received word from 11 of the best garrisons in Russia to the effect that the troops are mutinous and have refused to act as police in quelling street disturbances.

VALUABLE PEARL IN CLAM SHELL

Red Wing, Minn., June 20.—William Bates, a clam fisher, has found a pearl in a clam shell which is said to be the largest fresh-water pearl in existence. Its worth is estimated at anywhere between \$10,000 to \$100,000. It is as large as a good-sized marble, weighs eighty grains and has a beautiful lustre.

ATTEMPT ON LIFE OF GEN. TREPPOFF

St. Petersburg, June 20.—A circumstantial report is circulated today

of an attempt on the life of General Trepoff, commandant of the palace, by a well dressed woman masquerading as Princess Narishbin.

According to the rumor, the woman gained admittance to the palace and when Trepoff appeared she drew a revolver, but before it was fired she was seized.

The story is denied by the police.

BEVERIDGE BILL PASSES THE HOUSE

Washington, D. C., June 20.—The beef inspection bill passed the House today.

Senator Beveridge and the President conferred on the beef bill this morning, Beveridge said:

"The House has put back all the teeth of my bill. One tooth was filled, but it is still serviceable and will do good work."

\$12,000,000 FEDERAL MONEY FOR FRISCO

Washington, June 19.—A tacit agreement was reached today by the president, Secretary Shaw and the delegation of representative citizens of San Francisco by which substantial aid will be given San Francisco by the government.

It is proposed that the United States treasury deposit with the San Francisco banks \$12,000,000 of government money with bonds of the city as security for the deposit, the money to remain in the banks until such time as the government may call for it. This is not to be before a number of years, so that the banks have practical assurance that they may retain the deposit for such a period as will be of value in the reconstruction of the city.

Under the law, the secretary of the treasury has authority to deposit government funds in this way.

He cannot, of course, bind his successor to leave the money on deposit, but he himself may leave it there until it is needed by the government. It is proposed in California to organize a corporation with a capital of several millions of dollars, composed of prominent and influential men throughout the state of California and other states and to issue bonds to guarantee the government against loss through the banks.

With the assurance of the secretary of the treasury that he will leave the money with the banks for a period of time, it is expected that the banks will purchase the city bonds to be used as security for the government deposits, thus releasing government bonds now held for a similar purpose.

WORK BEGINS ON COLUMBIA VALLEY BANK BUILDING

The work of excavating for the new three story brick block of the Columbia Valley bank at the corner of Orondo and Wenatchee avenues was begun today. The work is being done by the Eagle Transfer company. The contract for the building was let yesterday to Mr. Windom, of Seattle who also has the contract for the Rosenberg block in the course of construction. According to the contract the work must be completed in 90 days.

Whole Family Drowned

Si-seton, S. D., June 20.—G. W. Martin, a farmer, his wife and three children were drowned last night while returning home from a circus. In the darkness Martin drove off the bridge into the river, which was badly swollen from recent rains.

PASSAGE OF RATE BILL STILL IN DOUBT

Three Amendments are Giving Trouble and Arguments Have not Yet Been Reached on Several More

Washington, June 20.—From present indications the conferees on the railroad rate bill will not reach an agreement until some time next week, which in all probability will be the last week of the session. The purpose of withholding their report, it is said, is to avoid a repetition of the long debate in the senate which followed the recent report of the conferees. This debate resulted in sending the bill back to conference.

Conversations conferees have had with various members of the senate and house disclose that there are only three amendments that are giving trouble. These are the pipe line amendment which makes pipe lines common carriers, the commodity amendment, and that which requires that the interstate commerce commission shall be given five days notice before hearings are granted upon applications for injunctions setting aside orders of the commission.

There are a number of other amendments on which agreement has not been reached, but which could be adjusted easily by the conferees. Among these are the sleeper car and lateral branch line amendments. It is expected that the latter will not be applied to sleeping cars.

The antipass amendment is in dispute, but it is expected that an agreement concerning it can be reached by redrafting the amendment so as to provide merely that passes shall not be issued to members of congress, officials of the legislative departments, presidential electors and other classes over which the federal government admittedly has control.

Dismisses Murder Charge

San Francisco, June 20.—Judge Short this morning dismissed the case against Ernest H. Denicke, son of Col. E. A. Denicke, the prominent banker, charged with the murder of an unknown man in the excitement of the evening of April 20.

Denicke was acting as a special officer and the court held the shooting was in line with his duty.

BREAKS RECORD FOR BIG TREES

Vancouver, B. C., June 20.—All records for large trees in British Columbia forests have been broken by the felling of a gigantic Douglas fir at Rock Bay, B. C. The tree measured ninety nine feet in length when trimmed to lumber size, its diameter at the butt eleven feet six inches and its diameter at the top four feet ten inches. The tree contains 18,500 feet of merchantable timber.

County Auditor Gellatly left yesterday for Spokane where he is attending the convention of county auditors in session there today and tomorrow.

Mrs. Batdorf of Omaha and two daughters, Miss Stella and Miss Edith, arrived in Wenatchee yesterday and will make their home here. For the present they are staying at the home of Mrs. Batdorf's brother-in-law, John Ferryman. Mrs. Batdorf expects to build a home on Nob Hill near Mr. Ferryman's residence. Miss Stella Batdorf is a trained nurse and will practice her profession in Wenatchee.

Stop "touching" friends for money—an ad. will secure a loan, on chattel or land, from a stranger.
